**REPORT TO THE
ALAMEDA COUNTY BOARD OF SUPERVISORS
2012 GENERAL PLAN ANNUAL PROGRESS REPORT**

PURPOSE OF REPORT

The intent of this report is to demonstrate the County's compliance with the requirements of Government Code Section 65400 which mandates the County to prepare an annual report on the status of the General Plan and progress in its implementation. This report will cover the County's development related activities in 2012. A copy of this report must be sent to the Governor's Office of Planning and Research (OPR) and the Department of Housing and Community Development (HCD). Providing a copy to HCD fulfills a statutory requirement to report certain housing information, including the County's progress in meeting its share of regional housing needs and local efforts to remove governmental constraints to the development of housing, as defined in Government Code Sections 65584 and 65583(c)(3).

GENERAL PLAN STATUS

The Alameda County Planning Department serves the unincorporated area of Alameda County, an area of roughly 443 square miles. The unincorporated area is a highly diverse and complex planning environment, necessitating a creative approach to planning. Consequently, the General Plan has several components to address the varied needs of county residents and to address the full range of urban, suburban and rural land use issues facing the County. One way the General Plan addresses complex countywide issues is to encourage infill development in existing urban areas near existing transportation infrastructure via the County's Density Bonus Ordinance and Density Variable Zoning District. By promoting infill development the County wishes to protect open space, by reducing the impacts of sprawl, and to reduce Greenhouse gas emissions by single occupant vehicles.

The Alameda County General Plan consists of several documents which together fulfill the requirements for the seven state-mandated general plan elements. Three area plans contain land use and circulation elements for their respective geographic areas, as well as area specific goals, policies and actions for circulation, open space, conservation, safety, and noise. The Eden Area comprises the communities of Ashland, Cherryland, Hayward Acres, San Lorenzo, and Fairview. The Castro Valley Area includes the Castro Valley urban area and the surrounding canyonlands. The remaining unincorporated area makes up the East County. In 2000, the voters of Alameda County approved Measure D, a ballot initiative that significantly revised the East County Area Plan and imposed an Urban Growth Boundary in Eastern Alameda County. The countywide Housing, Conservation, Open Space, Noise, Safety, and Scenic Route Elements contain goals, policies, and actions that apply to the entire unincorporated area.

Supplemented by background information, analysis and policy statements, the following Elements and Plans comprise the comprehensive General Plan for the County:

- Safety Element, adopted January 2013
- Castro Valley Plan, adopted March 2012
- Alameda County Housing Element, adopted April 2011
- Eden Area General Plan, adopted March 2010
- East County Area Plan, adopted May 1994; modified by voters through Measure D, November, 2000, codified by Board of Supervisors May, 2002
- Open Space Element, adopted May 1973, and amended May 1994

- Conservation Element, adopted January 1976, and amended May 1994
- Noise Element, adopted January 1976, and amended May 1994
- Park and Recreation Element, adopted June 1956, and amended May 1994
- Scenic Route Element, adopted May 1966, and amended May 1994

The Planning Department is currently in the process of updating the Alameda County General Plan in compliance with Government Code Sections 65300.7, 65301 and 65302. This multi-year planning effort is intended to reflect changing demographics, growth, and infrastructure conditions in the County. It includes a review of critical policy areas, and preparation of associated environmental reports in compliance with California Environmental Quality Act (CEQA) requirements.

The following sections describe the County's progress on updating its General Plan:

Resource Conservation, Open Space, and Agriculture Elements (ROSA)

The County is in the process of revising its Resource Conservation and Open Space Elements; and is developing a new optional Agriculture Element to the General Plan. These combined countywide elements will be known collectively as ROSA and will supersede the existing Conservation, Open Space, Park and Recreation, and Scenic Route Elements. Adoption of ROSA is expected to take place in 2013.

Safety Element

In January 2013, the Board of Supervisors adopted a comprehensive revision to the countywide Safety Element. This Element includes descriptive information, analysis and policies pertaining to geologic, seismic, flood and fire hazards within the County. The focus of the Safety Element is to minimize human injury, loss of life, property damage, and economic and social dislocation due to natural and human-made hazards. The policies included in this Element set forth general and broad goals, policies and implementation actions that are intended to provide more specific direction to current and future actions undertaken by the public and private sectors.

Housing Element Update (2009-2014)

The Board of Supervisors adopted a comprehensive revision to the Housing Element in March of 2010. The adopted element was sent to the State Department of Housing and Community Development (State HCD) for review and certification; however, State HCD would not certify the document pending several revisions. On February 17, 2011, the County was notified that the proposed revisions to the Housing Element were sufficient to comply with housing element law. Based upon that notification, an amendment to the Housing Element was approved by the Board on April 12, 2011, and was transmitted to State HCD for certification. Certification from State HCD was received on April 29, 2011. In 2012, the County adopted several amendments to its Zoning Ordinance as part of the implementation of the Housing Element.

Castro Valley Area General Plan

In March 2012, the Castro Valley General Plan was approved by the Board of Supervisors. All Plan documents can be viewed at <http://www.acgov.org/cda/planning/generalplans/index.htm>. Plan implementation will commence in 2013.

Eden Area General Plan

In March 2010, the Eden Area General Plan was adopted by the Board of Supervisors. All Plan documents can be viewed at <http://www.acgov.org/cda/planning/generalplans/index.htm>. Implementation of the Plan will commence in 2013. In the interim, staff has prepared an Implementation

Matrix (Attachment F) which lists each of the General Plan's goals, policies, plans and actions; identifies the responsible parties; and prioritizes each action.

Community Climate Action Plan

The Community Climate Action Plan (CAP) is a proposed amendment to the County's General Plan that addresses the County's goals to reduce greenhouse gas emissions and vehicle miles traveled in accordance with Assembly Bill 32 and Senate Bill 375. The Board of Supervisors voted to accept the final version of the plan in June of 2011. Staff is now in the process of preparing the Negative Declaration for the CAP, and the Board of Supervisors will be asked to adopt the Negative Declaration and amend the General Plan to incorporate the CAP in 2013.

HOUSING ELEMENT IMPLEMENTATION

The Housing Element contains a broad array of programs with specific time frames for implementation. Many programs are implemented by other agencies; therefore, the actual program work may vary from the original target completion dates. Attachment A summarizes the County's housing program implementation activities for 2012. Attachment D contains a list of all amendments to the County's General Plan and Zoning Ordinance in 2012, and Attachment E contains the text of Zoning Ordinance amendments related to the County's Housing Element.

Housing Element Reporting Requirements

Reporting Overview

The County is required to report certain housing information in accordance with State Housing Element Law (Government Code Sections 65583 and 65584) and the State HCD's housing element guidelines in reporting the County's progress toward meeting regional housing needs.

The Association of Bay Area Governments (ABAG) has determined that total housing construction need for the unincorporated area of Alameda County is 2,167 housing units for the current planning period of 2007-2014, an annual average of 310 units. This level of construction is deemed necessary by the State to meet both the housing needs of projected growth during the period, and to make up for current housing deficiencies of existing residents. This housing need is further segmented into four broad income categories: Very-low income (536 units), low income (340 units), moderate income (400 units), and above-moderate income (891 units).

Table 1 identifies the housing units for which permits were issued from January 1, 2012 through December 31, 2012, as compared to the unincorporated County's share of regional housing needs by income level for the Housing Element period. According to the table, the number of additional dwelling units needed during the remaining period January 1, 2012 – December 31, 2014 is 1,375, or roughly 63 percent of the Regional Housing Needs Assessment (RHNA) allocation.

From January 1, 2012 to December 31, 2012, the Department of Public Works (DPW), Building Inspections Division (BID) permitted 12 dwelling units. A summary of residential building permits issued during that time period is included as Attachment B. These units have the following income distribution: 3 low income units, 1 moderate income unit, and 8 above moderate income units.

Source: ABAG, *Regional Housing Needs Assessment, 2007*; Alameda County Department of Public Works, Building Inspections Division for the number of dwelling units assumed to be constructed during the period January 1, 2012-December 31, 2012. Income categories based on a household of four members and the area median income, which is annually revised by the U.S. Dept. of Housing and Urban Development.

Moderate Income Determination

Sales data from the Alameda County Assessor's office for the period of January 1, 2012 through December 31, 2012 indicates that the median price of a new residential dwelling in the urban unincorporated areas¹ is \$397,000. A home with a \$397,000 price may be affordable to moderate income household (up to 120% of the area median income) of four earning \$112,200.² A housing expense is generally considered affordable when less than 30 percent of a household's gross income is used for housing.³ Contained within Attachment C are the income limits calculated annually by the Department of Housing and Urban Development (HUD). These income limits are also used by the County to determine housing affordability. The mortgage for a \$397,000 home financed over 30 years at 3.5 percent interest with a down payment of 10% would cost \$1,604.44 per month.⁴ On average property taxes, private mortgage insurance, homeowner's insurance, and maintenance adds approximately one-fourth of the mortgage expense, which in this case would add \$401.11 to the total housing expense. So the total housing cost could be estimated at \$2,005.55. For a household of four earning \$112,000 a year, 30 percent of their gross monthly income would be \$2,800.00; thus a median priced home would be affordable to a moderate income household.

The median sale price appears to have been affected by the number of foreclosures of existing and newly constructed homes. Nearly half of the new homes sold for \$397,000 or less than a price that could be considered affordable to a moderate income household. The previous annual report for 2011 stated that the median sales price in the urban unincorporated areas was \$376,500. When compared to the median

price of a new home in 2011, a new home would be expected to sell for 5.4% (or \$20,500) more. The County has chosen to use this analysis as the basis for its estimates of the affordability of dwelling units within the unincorporated area. Based upon this analysis and information obtained from the Building Inspection Division, staff has concluded that forty-five of the recently permitted dwellings/units would be considered affordable to a moderate income household.

Affordable Housing Developments

The Alameda County Housing and Community Development Department and the Redevelopment Successor Agency both provide financial support to affordable housing developments within the unincorporated areas. In 2012, two new commitments of funding for new large multi-family apartment projects were made. The first of these projects is the Ashland Family Apartments, a proposed 85 unit multi-family dwelling. The second of these is for the Senior Housing in the San Lorenzo Community. In 2012, over \$28,000,000 was allocated to these projects.

Second Unit/ Mobilehome Construction

Three secondary units or mobile homes were permitted or constructed during this time period. Due to their costs to develop, and small size relative to other types of projects, staff has determined that these projects may be affordable to lower income households. Although it is not required that these units be rented, these secondary units are similar in size to studio or one bedroom apartments. Current market rent for studio and one bedroom apartments in the area are \$1,000 or less.⁵ In addition, mobilehomes have long served as a source of affordable housing particularly for those in the agricultural community. These units are also likely to be affordable to low income households.

Substantial Rehabilitation, Conversion, and Preservation of Affordable Housing Stock

The Alameda County Housing and Community Development Department (County HCD) and the Redevelopment Successor Agency both provide financial support to affordable housing developments within the unincorporated areas. In 2012, no new commitments of funding for large preservation or rehabilitation projects were made. However, through the Neighborhood Stabilization Program administered by County HCD, fourteen single family homes have been purchased, rehabilitated and sold to households at 110% of AMI. These homes were blighted and foreclosed upon, and have been returned to the market. In addition, the County's Neighborhood Preservation and Sustainability Department oversaw the Single Family Rehabilitation Loan; Curb Appeal; Accessibility Improvement; and the Emergency Minor Home Repair programs.

SUMMARY

The annual report provides information on the status of the County's General Plan and progress toward its implementation. This report also complies with the requirements of State law regarding the preparation and submission of General Plan annual reports. The Planning Department will keep you informed in the upcoming months of the County's progress in implementing the major programs discussed in this report.

This project was halted due to the Recession and resulting reduction in housing production. Several court decisions (such as <i>Palmer/Sixth Street Properties v. City of Los Angeles</i>) have brought into question the legality of Inclusionary Zoning ordinances in California. As a result, the County believes that such an Ordinance is infeasible barring action at the State level. No further action will be taken with respect to this item.

**AN ORDINANCE AMENDING TITLE 17 OF THE GENERAL ORDINANCE CODE OF THE
COUNTY OF ALAMEDA ADDRESSING AGRICULTURAL EMPLOYEE HOUSING,
MOBILEHOME PARKS, DENSITY BONUSES, TRANSITIONAL AND SUPPORTIVE
HOUSING, RESIDENTIAL AND MEDICAL CARE FACILITIES, EMERGENCY SHELTERS
AND SINGLE ROOM OCCUPANCY FACILITIES IN ORDER TO IMPLEMENT THE
ALAMEDA COUNTY HOUSING ELEMENT (2009-2014) AND TO CONFORM WITH STATE
LAW**

The Board of Supervisors of the County of Alameda ordains as follows:

SECTION I

Section 17.04.010 of Title 17 of the General Ordinance Code of the County of Alameda is amended by adding the following new definitions:

17.04.010 – Definitions.

"Agricultural employee" means a person engaged in agriculture, including: farming in all its branches, and, among other things, includes the cultivation and tillage of the soil, dairying, the production, cultivation, growing, and harvesting of any agricultural or horticultural commodities (including commodities defined as agricultural commodities in Section 1141j(g) of Title 12 of the United States Code), the raising of livestock, bees, furbearing animals, or poultry, and any practices (including any forestry or lumbering operations) performed by a farmer or on a farm as an incident to or in conjunction with such farming operations, including preparation for market and delivery to storage or to market or to carriers for transportation to market.

"Agricultural employee housing" means any living quarters or accommodations of any type, including mobilehomes, which comply with the building standards in the State Building Standards Code or an adopted local ordinance with equivalent minimum standards for building(s) used for human habitation, and buildings accessory thereto, where accommodations are provided by any person for individuals employed in farming or other agricultural activities, including such individuals' families. The agricultural employee housing is not required to be located on the same property where the agricultural employee is employed.

"Emergency shelter" means housing with minimal supportive services for homeless persons that is limited to occupancy of six months or less by a homeless person.

"SRO (single room occupancy) facility" means a building containing six or more SRO units or guestrooms, designed for occupancy of no more than two persons, and which is intended, designed, or is used as a primary residence by guests.

"SRO (single room occupancy) unit" means a room that is used, intended or designed to be used by no more than two persons as a primary residence, but which lacks either or both a self-contained kitchen or bathroom.

"Supportive housing" means housing with no limit on length of stay, that is occupied by the "target population", and that is linked to onsite or offsite services that assist the supportive housing resident in retaining the housing, improving his or her health status, and maximizing his or her ability to live and, when possible, work in the community.

"Target population" means persons with Low Income having one or more disabilities, including mental illness, HIV or AIDS, substance abuse, or other chronic health conditions, or individuals eligible for services provided under the Lanterman Developmental Disabilities Services Act (California Welfare and Institutions Code, section 4500 et seq.) and may include, among other populations, adults, emancipated youth, families, families with children, elderly persons, young adults aging out of the foster care system, individuals exiting from institutional settings, veterans, and homeless people.

"Transitional housing" and "transitional housing development" mean buildings configured as rental housing developments, but operated under program requirements that call for the termination of assistance and recirculation of the assisted unit to another eligible program recipient at some predetermined future point in time, which shall be no less than six months.

SECTION II

Section 17.04.010 of Title 17 of the General Ordinance Code of the County of Alameda is amended by deleting the definitions of "Family Emergency Homeless Shelter" and "General Emergency Homeless Shelter."

SECTION III

Section 17.04.010 of Title 17 of the General Ordinance Code of the County of Alameda is amended by revising the definition of "Medical or residential care facility" to read as follows:

17.04.010 – Definitions.

"Medical or residential care facility" means a residential care home as licensed by State Department of Social Services, Community Care Licensing Division. This term also includes group living quarters housing persons placed by an authorized agency for rehabilitation purposes and is funded by or licensed by or is operated under the auspices of an appropriate federal, state or county governmental agency.

SECTION IV

Section 17.06.030 of Title 17 of the General Ordinance Code of the County of Alameda is amended to read as follows:

17.06.030 - Permitted uses.

The following principal uses are permitted in an A district:

- A. On a building site, one one-family dwelling or one-family mobilehome either constructed after September 15, 1971, and issued an insignia of approval by the California Department of Housing and Community Development and permanently located on a permanent foundation system, or constructed after July 15, 1976, and issued an insignia of approval by the U.S. Department of Housing and Urban Development and permanently located on a foundation system;
- B. Crop, vine or tree farm, truck garden, plant nursery, greenhouse, apiary, aviary, hatchery, horticulture;

 - 1. The boarding stable shall be subject to site development review pursuant to Sections 17.06.090 and 17.54.210 et seq., except as follows:
 - a. The appropriate board of zoning adjustments shall decide applications for site development review under this section, and a public hearing is required.
 - b. Where the holder of an existing conditional use permit is found to be in compliance with all conditions of the existing conditional use permit, the planning director shall recommend approval of a site development review for the facility Alameda County Ordinance Code, Title 17, Zoning Ordinance with no new conditions except as allowed by the county policy for equine facilities in the A (agricultural) district, to the appropriate board of zoning adjustments.
 - c. The planning director may modify the requirements of Section 17.54.230 consistent with the provisions of the county policy of equine facilities in the A (agricultural) district; and specifically may waive the requirement that the site plan be prepared by licensed civil engineer, land surveyor, architect, landscape architect, or a registered building designer.
 - 2. The boarding stable shall be subject to and consistent with the provisions of the county policy for equine facilities in the A (agricultural) district.
 - 3. Site development reviews under this section shall not have an expiration date. However, they shall be subject to a periodic review for compliance with conditions of approval of the site development review and with relevant county ordinances, including all water quality rules and regulations. Such reviews shall occur every five years at minimum, or as needed to ensure compliance.
 - 4. Any changes in the scope of the boarding stable operation shall require a modification to the site development review.
 - 5. Site development review approval under this section shall not be construed to confer upon a boarding stable any exemption from any health, nuisance, or public safety ordinances or their subsequent enforcement or confer any other unique privileges upon a stable.
- K. Agricultural employee housing consisting of not more than thirty-six (36) beds in a group quarters or twelve (12) units or spaces designed for use by a single family or household subject

to a site development review as provided in Section 17.06.090 (Agricultural Districts--Site Development Review—When Required), 17.06.100 (Agricultural Districts—Agricultural Employee Housing), and 17.54.210 (Site Development Review).

SECTION VI

Section 17.06.090 of Title 17 of the General Ordinance Code of the County of Alameda is amended to read as follows:

17.06.090 - Site development review—When required.

Site development review pursuant to Section 17.54.210 shall be required for:

- A. Every new dwelling or addition to existing dwelling exceeding five hundred (500) square feet or thirty (30) feet in height hereafter placed on a parcel in the A district;
- B. Agricultural caretakers dwelling(s), when found by the planning director to be necessary to provide housing for the agricultural caretaker and his/her/their family(ies); subject to the following provisions:
 1. Initial site development review shall include submittal of required applications and materials and completion of an agricultural caretaker dwelling report, signed by the property owner.

2. The agricultural caretaker dwelling report submitted under Paragraph 1 above shall include a description of the agricultural use on the site, a description of the commercial/economic viability of the agricultural use, a discussion of the personnel necessary to implement or oversee the agricultural use, and a description of the proposed agricultural dwelling and/or housing. If the agricultural use is intended primarily for private interest rather than commercial viability, or if the dwelling unit is intended for a use not otherwise related directly to commercially viable agriculture on the site, such as onsite security, the report shall provide this information.

3. Site development review approval shall normally be issued for a period of five years, except in instances where it is found by the planning director that a demonstrable need for more stringent controls (e.g., history of non-compliance with county codes, public health/safety issues, community concerns) is necessary.

4. The planning director may extend initial site development review for additional five-year periods of time at the end of each preceding five-year period, subject to review and approval, of an updated agricultural caretaker dwelling report, signed by the property owner.

5. During the effective period of the site development review, any changes relating to the information contained in the agricultural caretaker dwelling report (including changes to the dwelling unit itself, changes in maximum occupancy requirements, and/or changes in the size/nature/ scope of the agricultural use being served by the presence of the caretaker onsite) shall be reported to the planning department, and shall be subject to the same procedures and regulations as those applicable to the initial application.

6. The planning director shall have the discretion to disapprove the initial and/or subsequent site development review and agricultural caretaker dwelling report if found that compliance with the requirements and intent set forth in this title is exercised unlawfully or contrary to any condition or limitation of its issuance.

7. The planning director may, at his/her discretion, hold a public hearing regarding an initial or subsequent site development review application.

8. The approval of a site development review for an agricultural caretaker dwelling of any kind on any parcel, regardless of the existing legal building site status of the parcel, shall not be construed to establish upon that same, or any adjacent or commonly-owned parcel, building site status.

9. The agricultural caretaker dwelling is intended to remain only as long as necessary to support either onsite security or the primary agriculture use on the site, and when the need for this support terminates the dwelling must be completely removed or converted to another legal use.

10. Violations of this section shall be subject to enforcement, penalties and abatement under Chapters 17.58 and 17.59 of this title.

C. Boarding stables and riding academies subject to the provisions of Section 17.06.030J of this chapter; and

D. Agricultural employee housing subject to the provisions of Section 17.06.100 of this chapter.

SECTION VII

Title 17 of the General Ordinance Code of the County of Alameda is amended by adding the following new Section 17.06.100:

17.06.100 – Agricultural Districts—Agricultural employee housing.

Agricultural employee housing is subject to site development review pursuant to Sections 17.06.060 (Agricultural Districts—Site Development Review—When Required) and 17.54.210 (Site Development Review) et seq. and to the following provisions:

A. The site development review shall include submittal of required applications and materials

including an agricultural employee housing report, signed by the property owner.

B. The agricultural employee housing report submitted under Paragraph 1 above shall include the following information:

1. Entity responsible for housing maintenance and up-keep;
2. Description of whether the housing will be used on a permanent, temporary, and/or seasonal basis;
3. Total number of people to be housed on-site at any one time;
4. Description of the housing, including whether the structures will be permanent and/or temporary, intended as units for families, one person, or several persons, and cost of the units and utilities to the agricultural employees;
5. Location(s) where the agricultural employees will work;
6. There must be adequate water and sewer available to service the development, as determined by the Department of Environmental Health;
7. The housing must be located off prime and productive agricultural land, or on the parcel where no other alternatives exist on site, on the least viable portion of the parcel;
8. The development shall incorporate proper erosion and drainage controls; and
9. Parking shall be provided in accordance with Section 17.52.910 (Parking spaces required—Residential buildings).

C. Site development review approval shall normally be issued for a period of five years, except in instances where it is found by the planning director that a demonstrable need for more stringent controls (e.g., history of non-compliance with county codes, public health/safety issues, community concerns) is necessary.

D. The planning director may extend the initial site development review for additional five-year periods of time at the end of each preceding five-year period, subject to review and approval, of an updated agricultural employee housing report, signed by the property owner.

E. During the effective period of the site development review, any changes relating to the information contained in the agricultural employee housing report (including changes to the dwelling unit itself, and changes in maximum occupancy requirements) shall be reported to the planning department, and shall be subject to the same procedures and regulations as those applicable to the initial application.

F. The planning director shall have the discretion to disapprove the initial and/or subsequent site development review and agricultural employee housing report if found that compliance with the requirements and intent set forth in this title is exercised unlawfully or contrary to any condition or limitation of its issuance.

G. The planning director may, at his/her discretion, hold a public hearing regarding an initial or subsequent site development review application.

H. The approval of a site development review for an agricultural employee housing of any kind on any parcel, regardless of the existing legal building site status of the parcel, shall not be construed to establish upon that same, or any adjacent or commonly-owned parcel, building site status.

I. Violations of this section shall be subject to enforcement, penalties and abatement under Chapters 17.58 and 17.59 of this title.

- E. No individual or family shall reside in an Emergency Shelter for more than 180 consecutive days;
- F. The operation of buses or vans to transport residents to or from off-site activities shall not generate vehicular traffic substantially greater than that normally generated by residential activities in the surrounding area, to the satisfaction of the Planning Director;
- G. The on-street parking demand generated by the facility due to visitors shall not be substantially greater than that normally generated by the surrounding residential activities, to the satisfaction of the Planning Director;
- H. Arrangements for delivery of goods shall be made within the hours that are compatible with and will not adversely affect the livability of the surrounding properties;
- I. The facility's program shall not generate noise at levels that will adversely affect the livability of the surrounding properties, and shall at all times maintain compliance with the County Noise Ordinance;
- J. Onsite management shall be provided twenty-four (24) hours a day, seven (7) days per week. All facilities must provide a management plan to the satisfaction of the Planning Director that shall contain policies, maintenance plans, intake procedures, tenant rules, and security procedures;
- K. The facility is no closer than three hundred (300) feet from other emergency shelters unless findings can be made that such an additional facility would not have a negative impact upon residential activities in the surrounding area;
- L. On-site parking shall be provided in accordance with Section 17.52.910;
- M. The facilities shall provide exterior lighting in the parking lot, on building exteriors, and pedestrian accesses. All exterior lighting shall be down-cast and shall not illuminate above the horizontal. No light source shall be exposed above the horizontal, nor visible from neighboring residential use properties.
- N. Required yards shall conform with the R-4 zoning district yard requirements; and
- O. A waiting and client intake area of not less than one hundred (100) square feet shall be provided inside the main building.
- P. Violations of this section shall be subject to enforcement, penalties and abatement under Chapters 17.58 and 17.59 of this title.

SECTION XXIII

Title 17 of the General Ordinance Code of the County of Alameda is amended by adding the following new Section 17.54.133:

17.54.133 – Conditional Uses- Residential, Medical Care, Transitional and Supportive Housing Facilities.

In addition to the findings required of the Board of Zoning Adjustments under Sections 17.54.130 (Conditional Uses) and 17.54.140 (Conditional Uses--Action), a conditional use permit for any conditionally permitted residential or medical care facility, transitional housing facility, or supportive housing facility may only be granted upon determination that the proposal conforms to all of the following additional use permit criteria:

- A. Staffing of the facility shall at all times remain in compliance with any State Licensing Agency requirements;
- B. The operation of buses or vans to transport residents to or from off-site activities shall not generate vehicular traffic substantially greater than that normally generated by residential activities in the surrounding area;
- C. The on-street parking demand generated by the facility due to visitors shall not be substantially greater than that normally generated by the surrounding residential activities;

- D. Arrangements for delivery of goods shall be made within the hours that are compatible with and will not adversely affect the livability of the surrounding properties;
- E. That the facility's program shall not generate noise at levels that will adversely affect the livability of the surrounding properties, and shall at all times maintain compliance with the County Noise Ordinance;
- F. Onsite management shall be provided twenty-four (24) hours a day, seven days per week. Prior to operation, all facilities must provide to the Planning Director a management plan that shall contain policies, maintenance plans, rental procedures, tenant rules, and security procedures;
- G. In accordance with sections 1267.9 and 1520.5 of the California Health and Safety Code, no facility shall be closer than three hundred (300) feet from other similar activities or facilities unless findings can be made that such an additional facility would not have a negative impact upon residential activities in the surrounding area;
- H. Parking shall be provided in accordance with Section 17.52.910 (Parking Spaces required—Residential buildings);
- I. The facilities shall provide exterior lighting in the parking lot, on building exteriors, and pedestrian accesses. All exterior lighting shall be down-cast and shall not illuminate above the horizontal. No light source shall be exposed above the horizontal, nor visible from neighboring residential use properties; and
- J. Yards shall conform to the zoning requirements established for the district in which it is located.

SECTION XXIV

Title 17 of the General Ordinance Code of the County of Alameda is amended by adding the following new 17.54.134:

17.54.134 – Conditional Uses- Single Room Occupancy (SRO) Facilities.

Single Room Occupancy Facilities shall be subject to the following regulations and development standards:

- A. Excluding the bathroom area and closet(s), the Single Room Occupancy unit must be a minimum of one hundred and fifty (150) square feet in floor area and the maximum size shall be not more than four hundred (400) square feet. Each unit shall be designed to accommodate a maximum of two people.
- B. Each Single Room Occupancy Unit must include a closet and may contain either kitchen facilities or bath facilities but not both.
- C. Complete common cooking facilities/kitchens must be provided if any unit within the SRO Facility does not have a kitchen. One complete cooking facility/kitchen shall be provided within the SRO Facility for every twenty (20) SRO units or portion thereof that do not have kitchens, or have one kitchen on any floor where SRO Units without kitchens are located.
- D. Common bathrooms must be located on any floor with any unit that does not have a full bathroom. Common bathrooms shall be either single occupant use with provisions for privacy or multi-occupant use with separate provisions for men and women. Common bathrooms shall have shower or bathtub facilities at a ratio of one for every seven (7) units or fraction thereof. Each shared shower or bathtub facility shall be provided with an interior lockable door.
- E. Each SRO Facility shall have at least ten (10) square feet of common usable area per unit; however no SRO facility shall provide less than two hundred (200) square feet of common outdoor area and two hundred (200) square feet of common indoor area. Maintenance areas, laundry facilities, storage (including bicycle storage), and common hallways shall not be included as usable indoor common space. Landscape areas that are less than eight (8) feet wide shall not be included as outdoor common space.

- F. A SRO Facility with twelve (12) or more units shall provide twenty-four (24) hour on-site management, and include a dwelling unit designated for the manager. All SRO Facilities must have a management plan approved prior to occupation by the Alameda County Department of Housing and Community Development. The management plan shall contain management policies, maintenance plans, rental procedures, tenant rules, and security procedures.
- G. Single Room Occupancy Facilities shall include laundry facilities.
- H. A cleaning supply storeroom and/or utility closet with at least one (1) laundry tub with hot and cold running water must be provided on each floor of the SRO Facility.
- I. Parking shall be provided in accordance with Section 17.52.910.

SECTION XXV

Title 17 of the General Ordinance Code of the County of Alameda is amended by deleting Chapter 17.56 (Density Bonus) in its entirety.

SECTION XXVI

Title 17 of the General Ordinance Code of the County of Alameda is amended by adding the following new Chapter 17.106 (Density Bonus):

Chapter 17.106- DENSITY BONUS

17.106.010- Title.

This chapter shall be called the density bonus ordinance of the county of Alameda.

17.106.020 – Purpose.

This chapter establishes policies which facilitate the development of affordable housing for very low and lower income households and senior households within the unincorporated area of Alameda County, through the provision of a density bonus, and additional financial incentives if necessary for affordability, to applicants who agree to meet the requirements established by this chapter.

17.106.030 – Definitions.

For the purposes of this chapter, certain words and phrases shall be interpreted as set forth in this section unless it is apparent from the context that a different meaning is intended.

Affordable Housing Agreement: means the agreement made between the applicant and the county governing the regulation and monitoring of the affordable units.

Amenities: means interior amenities including, but not limited to, fireplaces, garbage disposals, dishwashers, cabinets and storage space and bathrooms in excess of one.

Applicant: means any person, firm, partnership, association, joint venture, corporation, or any entity or combination of entities which seeks a density bonus or incentives or both under this chapter.

Base Units: means the number of units that would be allowed under the General Plan land use designation and zoning ordinance for the subject site before calculation of the Density Bonus.

Child Care Facility: means a facility, other than a day care home, licensed by the State of California to provide non-medical care to children under 18 years of age in need of personal services, supervision or assistance on less than a 24-hour basis.

Density Bonus: means an increase in density over the otherwise maximum allowable residential density under the applicable zoning ordinance and General Plan land use designation.

Density Bonus Unit: means a residential dwelling unit authorized as a result of the granting of a density bonus.

Household: means one person living alone or two or more persons sharing a residential dwelling.

Housing Development: means a project providing residential units including, without limitation, a subdivision, a planned unit development, multifamily dwellings, or condominium project. Housing developments consist of development of residential units or creation of unimproved residential lots and also include either a project to substantially rehabilitate and convert an existing commercial building to residential use or the substantial rehabilitation of an existing multifamily dwelling, where the result of the rehabilitation would be a net increase in available residential units.

Incentive: An "Incentive" may include any of the following:

1. Approval of a mixed-use development if commercial, office, industrial, or other land uses will help to offset the costs of the housing development. A mixed-use development will be approved only if the commercial, office, industrial, or other land uses are compatible with the surrounding land uses, the county general plan, and applicable specific plans;
2. Government-assisted financing, including, but not limited to, mortgage revenue bonds issued by the county;
3. A reduction in site development standards, but only if the overall quality of the development is not lessened. All developments must also meet any design guidelines codified by the county at a future date;
4. Other incentives proposed by the developer or the county which result in identifiable cost reductions, including but not limited to:
 - a. Waiver or reduction of certain county fees applicable to restricted units in a housing development,
 - b. Reduction of interior amenities,
 - c. Priority processing of a housing development which provides restricted units. Upon certification that the application is complete and eligible for priority processing, the housing development will be reviewed by the planning director in advance of all nonpriority items. The housing development review will be completed and a recommendation will be made by the planning director whether to approve the housing development within one hundred twenty (120) days of receipt of the completed application. The planning director may give written approval to extend the one hundred twenty (120) day period.

Lower Income Household: means a household whose gross income is eighty (80) percent or less of the Alameda County median income adjusted for household size, computed pursuant to California Health and Safety Code Section 50079.5; if the Health and Safety Code definition is amended, this definition shall be deemed to be amended to the same effect.

Maximum Allowable Residential Density: means the density allowed under the General Plan, or if a range of density is permitted, means the maximum allowable density for the specific zoning range applicable to the project. Maximum allowable residential density takes into account limitations to density pursuant to General Plan policies and Zoning Ordinance regulations.

Median Income: means the median income for Alameda County, published by the United States Department of Housing and Urban Development.

Moderate Income Household: means a household, with an annual income which does not exceed the United States Department of Housing and Urban Development annual determination for moderate income households with incomes of one hundred twenty (120) percent of the Median Income, adjusted for household size.

Qualifying Unit: means a dwelling or dwellings designated for occupancy by very low, low, or moderate income households, within a housing development, which make the housing development eligible for a Density Bonus.

Resale controls: means a resale restriction placed on restricted units by which the price of such units and/or the age or income of the purchaser will be restricted to ensure affordability and occupancy by very low or lower income households or senior households.

Restricted Unit: means a residential dwelling unit to be sold or rented at a price or rent affordable to a very low, lower, or moderate income household, or sold or rented to a senior household.

Senior Citizen Housing Development: means a housing community governed by a common set of rules, regulations or restrictions, consisting of at least thirty-five (35) dwelling units reserved for Senior Citizen Households as further described in California Civil Code Sections 51.3 and 51.12.

Senior Household: means as established by California Civil Code Section 51.3, a household in which at least one member is at least sixty-two (62) years of age.

Term of Affordability: means the time during which restricted units in a housing development must remain as restricted units.

Unit Type: means a dwelling unit with a defined floor area and a designated number of bedrooms.

Very Low Income Household: means a household whose gross income is fifty (50) percent or less of the Alameda County median income adjusted for household size, computed pursuant to California Health and Safety Code Section 50079.5.

17. 106.040 - Density bonus qualifications.

In order to qualify for a density bonus and one or more incentives under this chapter, a housing development must consist of five or more dwelling units and meet one or more of the following criteria:

- A. Agrees to construct and maintain at least five (5) percent of the base units for very low income households;
- B. Agrees to construct and maintain at least ten (10) percent of the base units for lower income households;
- C. Agrees to construct and maintain at least ten (10) percent of the base units in a condominium project or planned development project dedicated to moderate income households, provided that all units in the development are offered to the public for purchase;
- D. Agrees to construct and maintain a senior citizen housing development;

E. Converts an existing apartment or multifamily dwelling to a condominium development as described in Section 17.106.050.I (Density Bonus—Density Bonus Calculations).

17.106.050 - Density bonus calculations.

A. In accordance with state law, the granting of a Density Bonus or an incentive(s) shall not be interpreted, in and of itself, to require a General Plan amendment, specific plan amendment, rezone, or other discretionary approval.

B. An applicant must choose a Density Bonus from only one applicable affordability category of this Chapter and may not combine categories, with the exception of a Child Care Facility or land donation. The Child Care Facility or land donation may be combined with an affordable housing development for an additional Density Bonus up to a combined maximum of thirty five (35) percent.

C. Any Density Bonus and/or Concession/Incentive awarded shall apply only to the Housing Development for which it was granted.

D. In determining the number of density bonus units to be granted pursuant to 17.106.040 Section 17.106.040 (Density Bonus Qualifications), the maximum residential density for the site shall be multiplied by 0.20 for subsections A, B, and D of that section and 0.05 for subsection C of that section, unless a lesser number is selected by the developer.

1. For each one percent increase above ten percent in the percentage of units affordable to lower income households, the density bonus shall be increased by 1.5 percent up to a maximum of 35 percent.

2. For each one percent increase above five percent in the percentage of units affordable to very low income households, the density bonus shall be increased by 2.5 percent up to a maximum of 35 percent.

3. For each one percent increase above ten percent of the percentage of units affordable to moderate income households, the density bonus shall be increased by one (1) percent up to a maximum of 35 percent.

4. For a senior housing development that provides one hundred (100) percent of its units available to senior households, the density bonus shall be twenty (20) percent.

E. When calculating the number of permitted density bonus units, any calculations resulting in fractional units shall be rounded to the next larger integer.

F. The density bonus units shall not be included when determining the number of qualifying units required for a density bonus. When calculating the required number of qualifying units, any calculations resulting in fractional units shall be rounded to the next larger integer.

G. The developer may request a lesser density bonus than the project is entitled to, but no reduction will be permitted in the number of required qualifying units pursuant to Section 17.106.040 (Density bonus qualifications) above. Regardless of the number of qualifying units, no housing development may be entitled to a density bonus of more than thirty-five percent.

H. The following table summarizes this information:

Density Bonus Summary Table

Income Group	Minimum % Qualifying Units	Bonus Granted	Additional Bonus for Each 1% Increase in Qualifying Units	% Qualifying Units Required for Maximum 35% Bonus
Very Low Income	5%	20%	2.5%	11%
Low Income	10%	20%	1.5%	20%
Moderate Income (Condo or PD)	10%	5%	1%	40%

only)				
Senior Citizen Housing Development	100%	20%	—	—

- I. An applicant for an apartment conversion to a condominium project that provides at least thirty-three (33) percent of the total units of the proposed condominium project to persons and families of Low or Moderate Income, or fifteen (15) percent of the total units of the project to Lower Income households, and agrees to pay for the reasonable necessary administrative costs incurred by the County, qualify for a twenty-five (25) percent Density Bonus or other incentives of equivalent financial value. An applicant shall be ineligible for a Density Bonus or other incentives if the apartments proposed for conversion constitute a housing development for which a Density Bonus or other Incentives were previously granted under the provisions of this chapter.

17.106.060 – Density Bonus--Eligibility and application requirements for incentives.

A. A housing development qualifying for a density bonus is entitled to at least one incentive in addition to the density bonus. Incentives are available for qualifying housing developments as follows:

1. One incentive or concession for projects that include at least ten (10) percent of the total units for lower income households, at least five (5) percent for very low income households, or at least ten (10) percent for persons and families of moderate income in a condominium or planned development.
2. Two incentives or concessions for projects that include at least twenty (20) percent of the total units for lower income households, at least ten (10) percent for very low income households, or at least twenty (20) percent for persons and families of moderate income in a condominium or planned development.
3. Three incentives or concessions for projects that include at least thirty (30) percent of the total units for lower income households, at least fifteen (15) percent for very low income households, or at least thirty (30) percent for persons and families of moderate income in a condominium or planned development.

B. The appropriate authority for the housing development shall grant the incentive unless the appropriate authority makes a written finding, based upon substantial evidence, of any of the following:

1. That the incentive is not necessary in order to provide for affordable housing costs; or
2. The concession or incentive would have a specific adverse impact, as defined in California Health & Safety Code Section 65589.5, upon public health and safety or the physical environment or on any real property that is listed in the California Register of Historical Resources and for which there is no feasible method to satisfactorily mitigate or avoid the specific adverse impact without rendering the development unaffordable to very low, lower and moderate income households.

C. In accordance with Government Code Section 65915 (p), an applicant qualifying for a density bonus may request, inclusive of handicapped and guest parking, the following parking ratios:

1. Zero to one bedrooms: One onsite parking space
2. Two to three bedrooms: Two onsite parking spaces
3. Four or more bedrooms: Two and one-half parking spaces

These standards may be applied in addition to any other incentives for which the housing development qualifies as specified in this section. If the total number of parking spaces for the development is other than a whole number, the number shall be rounded up to the next whole number. Off-street parking spaces provided pursuant to this paragraph may be arranged in

tandem and may be uncovered.

17. 106.070 - Qualifications for restricted units.

- A. The applicant shall execute an affordable housing agreement with Alameda County, which shall be recorded and shall run with the land.
- B. The affordable housing agreement shall describe household types, number, location, size and construction scheduling of restricted units and any other information required by the county to determine the applicant's compliance with the conditions.
- C. Restricted units shall be constructed concurrently with or prior to the construction of nonrestricted units, shall be dispersed throughout the housing development, and shall include all unit types represented in the housing development and shall be in the same proportions as nonrestricted unit types.

17. 106.080 - Term of affordability.

The applicant shall agree to, and the County shall ensure, the continued availability of the Qualifying Units and other Incentives for a period of at least 30 (thirty) years, or a longer period of time if required by the construction or mortgage financing assistance program, mortgage insurance program, or rental subsidy program.

17. 106.090 - Requirements for rental housing developments.

- A. All restricted units shall be occupied by the household type specified in the affordable housing agreement.
- B. The applicant shall be responsible for obtaining and verifying information with respect to the qualifications of prospective and current tenants, including, but not limited to, information relating to tenants' incomes, and eligibility, in a form satisfactory to the planning director. The applicant shall maintain a list of qualified applicants for the duration of the program and shall allow the planning director to inspect such information upon reasonable notice. The applicant may contract with another entity to perform these functions subject to the approval of the planning director.
- C. The applicant shall submit reports annually certifying that the restricted units are occupied by the household types specified in the affordable housing agreement. The annual reports shall include the number of persons and income for each household in the restricted units.
- D. If the affordable housing agreement is violated, the applicant shall pay to the county as liquidated damages the maximum sum of five thousand dollars (\$5,000.00) for each restricted unit that is in violation of the affordable housing agreement. This amount may be required for each month of violation. Any unpaid liquidated damages may be recorded as a notice of violation of the affordable housing agreement against the title of the property. In addition to the liquidated damages, if a very low income, moderate income or lower income household in a restricted unit is charged a rent that exceeds the rent specified in the affordable housing agreement, the applicant must pay to the tenant the difference in the rent charged and the allowable rent for the months that the tenant was overcharged. If a restricted unit is rented to a household with an income exceeding that specified in the affordable housing agreement, in lieu of the liquidated damages mentioned above, the first vacant nonrestricted unit must be made a restricted unit and rented to a household that qualifies under the affordable housing agreement.

17. 106.100 - Requirements for owner-occupied housing.

- A. The home buyer shall verify on a form provided by the planning director that the restricted unit being purchased is for use as the buyer's principal residence and that the buyer is either a moderate income household, lower income household, very low income household or a senior household. If the restricted unit ceases to function as the owner's principal residence, it shall be sold according to the requirements of the resale controls. If evidence is presented to the

planning director that the owner is unable to continuously occupy the restricted unit because of illness or incapacity, the planning director may approve rental of the restricted unit to a senior, very low income, lower income, or moderate income household.

B. The resale controls will place limits on the resale price of a restricted unit and on the income of the new buyer. The resale price of a restricted unit will be limited to the original price of the restricted unit, plus a factor of appreciation equal to the annual increase in the median income, plus the appraised value, at time of sale, of any documented capital improvements. In addition, when an owner sells a restricted unit, the sale must be to a moderate income household, very low income household, lower income household, or senior household.

C. Resale controls shall be recorded as part of the declaration of covenants, conditions, and restrictions on the restricted unit. The resale controls will remain in effect for the term of affordability.

D. The following transfers of title or any interest therein are not subject to the provisions of this section, provided, however, that the resale controls shall continue to run with the land following such transfers: transfers by gift, devise, or intestate succession to the owner's spouse or children, and transfers of title to a spouse as part of a dissolution of marriage proceeding or in conjunction with marriage.

17. 106.110 - Application procedure.

A. An applicant may submit to the planning director a preliminary proposal for a housing development pursuant to this chapter prior to the submittal of any formal housing development application. The planning director shall, within ninety (90) days of receiving a preliminary proposal, provide the applicant a written preliminary evaluation of the housing development.

B. In addition to the county's usual development requirements, formal application for a housing development under this chapter shall include the following information:

1. A written statement specifying the desired density increase, incentive requested, and the number, type, location, size and construction schedule of all dwelling units;
2. If necessary for the planning director to evaluate the financial need for additional incentives, the applicant shall submit a report that contains housing development costs and revenues, including but not limited to land, construction, and financing costs, and revenues from restricted units, unrestricted units, and density bonus units. Such other information as the planning director needs to evaluate the housing development may be requested by the planning director. The planning director may retain a consultant to review the financial report. The cost of the consultant shall be borne by the applicant; and
3. Any other information requested by the planning director to implement this chapter.

C. Housing developments that meet the requirements set forth in Section 17.106.040 (Density bonus qualifications) above shall qualify for a density bonus and at least one incentive, unless the planning director adopts a written finding that the incentive is not required to achieve the economic feasibility of the restricted units. The planning director may also provide an incentive in place of a density bonus that is of equivalent value to the density bonus. Such incentive shall be calculated in a manner determined by the planning director.

17.106.120 – Density Bonus--Child Care Facilities.

A. When an applicant proposes a housing development that is eligible for a density bonus under this chapter and includes a child care facility on the premises or adjacent to the housing development, the applicant shall receive an additional density bonus that is in an amount of square feet of residential space that is equal to the square footage of the child care facility; or the applicant may receive another incentive that contributes significantly to the economic feasibility of the construction of the child care facility, provided that, in both cases, the following conditions are incorporated in the conditions of approval for the housing development:

1. The child care facility shall remain in operation for a period of time that is as long as or

longer than the period of time during which the restricted units are required to remain affordable pursuant to the terms of the affordable housing agreement executed between the County and the developer.

2. Attendance of children at the child care facility shall have an equal or greater percentage of children from very low, low, and moderate income households than the percentage of affordable units in the housing development.

B. The County may deny the request for a density bonus or incentive for a child care facility if the county finds, based upon substantial evidence, that the community has adequate child care facilities without the facilities being considered as part of the subject housing development.

17.106.130 - Density Bonus--Donation of land.

A. When an applicant for a tentative subdivision map, parcel map or other residential development donates land to the County, the applicant shall be entitled to a density bonus above the maximum allowable residential density, up to a maximum of thirty five (35) percent depending on the amount of land donated. The amount of density bonus shall be based upon the number of permissible units consistent with Section 17.106.050(H). This increase shall be in addition to any increase in density permitted by this chapter up to a maximum combined density increase of 35 percent. A density bonus for donation of land shall only be considered if all of the following conditions are met:

1. The applicant donates and transfers the land no later than the date of approval of the final subdivision map, parcel map, or residential development application.
2. The developable acreage and zoning classification of the land being transferred are sufficient to permit construction of units affordable to very low income households in the amount not less than ten percent (10%) of the residential units in the proposed development.
3. The transferred land is at least one acre in size or of sufficient size to permit development of at least 40 (forty) units, has the appropriate general plan designation, is appropriately zoned for development as affordable housing, and is, or will be, served by adequate public facilities and infrastructure (such as waste water treatment facilities and public transit). The transferred land shall have appropriate zoning and development standards to make the development of the affordable units feasible. No later than the date of approval of the final subdivision map, parcel map, or of the residential development, the transferred land shall have all of the permits and approvals, other than building permits, necessary for the development of the Very Low Income units on the transferred land, except that the County may subject the proposed development to subsequent design review if the design is not reviewed by the County prior to the time of transfer.
4. The transferred land and the units constructed on said land shall be subject to a deed restriction ensuring continued affordability of the units for a period of at least thirty (30) years and subject to restrictions consistent with California Government Code Section 65915 (c)(1) and (2), as may be periodically amended.
5. The land is transferred to the County or to a housing developer approved by the County.
6. The transferred land shall be within the boundary of the proposed development or, if the County determines appropriate, be located within the same General Plan area as the proposed development.

17. 106.140 - Administration and fees.

A. At the discretion of the planning director, the county may contract with another entity to administer the rental and sales provisions of this chapter.

B. The planning director shall establish the amount of fees to be charged to applicants for administration of this chapter at the cost of staff time attributable to such administration. These fees may be waived or reduced as specified in Section 17.106.030 (Definitions) under

subsection (4)(a) of the definition of "incentive" .

C. The planning director shall be responsible for monitoring the resale of restricted units.

D. The planning director shall adopt regulations and forms necessary to implement and interpret the provisions of this chapter.

SECTION XXVII

This ordinance shall take effect and be in force thirty (30) days from and after the date of passage and before the expiration of fifteen (15) days after its passage it shall be published once with the names of the members voting for and against the same in the Inter-City Express, a newspaper published in the County of Alameda.

P5. The County shall encourage the renovation, improvement, retention and expansion of existing businesses and stores where such actions may improve the character of the Eden Area.	No, the County currently performs this task.	No changes anticipated.	CDA-Successor to the Redevelopment Agency		Yes; ongoing	
P6. Encourage new business formation and entrepreneur education.	No, the County currently performs this task.	No changes anticipated.	CDA-Successor to the Redevelopment Agency		Yes; ongoing	
Goal LU-14 Allow for the retention and expansion of commercial uses in appropriate locations to increase economic development opportunities and provide for the daily needs of Policies						
P1. New commercial development shall be located in existing commercial areas and in areas well served by public transit. Specific areas are identified in the Land Use Designation Map.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency		Yes; ongoing	
P2. Commercial uses that serve the daily and weekly needs of residents, such as supermarkets, cafes, restaurants, drug stores, dry cleaners, hardware stores, appliance repair shops and day care centers, shall be encouraged on Corridors or in Districts.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency		Yes; ongoing

			Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
Actions					
A1.	In partnership with the County Redevelopment Agency, develop and implement a business development strategy to improve the mix of retail and service businesses in the Eden Area. The strategy shall emphasize the attraction of higher-end retail shops, sit-down restaurants, entertainment uses, regional commercial uses, high-quality supermarkets and employment opportunities.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency	Yes; ongoing
Goal I.IU-15: Preserve the Industrial uses and expand Research and Development/Office uses (R&D/O) in the Eden Area.					
Policies					
P1.	Research and Development/Office uses shall be encouraged in the Grant Avenue Industrial Area.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency	Yes; ongoing
P2.	As industrial uses redevelop over time, the County should allow the transition to Research and Development/Office uses in industrial areas.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency	Yes; ongoing
P3.	To the extent possible, new Light Industrial development should only take place within existing industrial areas.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency	Yes; ongoing
P4.	To the extent possible, the County shall require mitigation measures to minimize the impacts of new Light Industrial development on adjacent areas.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency	Yes; ongoing

P5. New heavy industrial uses shall not be allowed in the Eden Area. Existing heavy industrial uses may remain in place until such time as the property is redeveloped, at which point new Research and Development/Office uses shall be allowed and new zoning for Research and Development/Office uses shall be put in place.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency			
Action\$				Yes; ongoing		
A1. Collaborate with RDA to develop incentives and programs to attract new R&D and industrial businesses to the Grant Avenue Special Precinct.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency	Yes; ongoing		
A2. Conduct a study to explore potential funding sources, programs and incentives for relocating industrial uses to special precincts. Programs should consider incentives to relocate incompatible industrial uses to Grant Avenue Industrial Area and grants for environmental cleanup of vacant parcels.	No	No changes anticipated.	CDA-Planning and Successor to the Redevelopment Agency			Yes
Goal LU-16 Preserve significant cultural resources in the Eden Area.						
Policies						
P1. Historic or culturally significant buildings and other resources in the Eden Area should be preserved.	No, a Historic Preservation Ordinance was adopted in 2012.	No changes anticipated.	CDA-Planning		Yes; ongoing	
P2. To the extent possible, the County shall cause no substantial adverse change in the significance of a historical or archaeological resource as defined in 15064.5 of the California Environmental Quality Act (Title 14, California Code of Regulations) through its direct or indirect actions.	No, a Historic Preservation Ordinance was adopted in 2012.	No changes anticipated.	CDA-Planning		Yes; ongoing

P3. To the extent possible, unique paleontological resources, sites or unique geologic features shall not be directly or indirectly destroyed or significantly altered.	No, a Historic Preservation Ordinance was adopted in 2012.	No changes anticipated.	CDA-Planning		Yes; ongoing	
P4. The County should make the Eden Area a top priority when conducting historic and cultural resources inventories in the county.	No.	No changes anticipated.	CDA-Planning		Yes; ongoing	
P5. Prior to the completion of a professionally-prepared historic survey, property owners of potentially significant historic resources shall be required to prepare professional historic surveys prior to demolition of any structure. Potentially significant historic resources may be defined as those resources identified in professionally prepared surveys or where additional evidence suggests that the property or structure may be significant.	No, this is covered under the Historic Preservation Ordinance that was adopted in 2012.					
P6. New development, alterations and remodeling projects on or adjacent to historic properties should be sensitive to historic resources and should be compatible with the surrounding historic context.	No, this is covered under the Historic Preservation Ordinance that was adopted in 2012.	No changes anticipated.	CDA-Planning		Yes; ongoing	
P7. The County should support the development of local history projects, including the collection of oral histories from local residents.	No	No changes anticipated.	CDA-Planning		Yes; ongoing	
Actions						
A1. Conduct an historic resources inventory for the Eden Area to identify important historic and cultural resources.	No	No changes anticipated.	CDA-Planning		Yes	
A2. Apply an Historic Preservation Overlay Zone as applicable to cover historic and culturally significant properties in the Eden Area after an historic resources inventory has been completed.	Possibly	CDA-Planning			Yes; ongoing	

General Plan Goals, Policy & Action Items	Change Zoning Ordinance or Planning Policy? / Change Zoning Map?	Implementation Responsibility	Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
A3. Develop a range of economic incentives to encourage property owners to conserve existing historic and cultural resources.	No, this is covered under the Historic Preservation Ordinance that was adopted in 2012.	No changes anticipated.	CDA-Planning	Yes	
A4. Conduct studies of districts within the Eden Area as potential historic districts including the Four Corners area, the Bohannan Company houses adjacent to San Lorenzo Village and the Elgin Street Neighborhood of Ashland.		Possibly	CDA-Planning		Yes
A5. Develop outreach materials and hold public workshops to make property owners aware of the economic benefits of cultural resource conservation actions.	No	No, this is covered under the Historic Preservation Ordinance that was adopted in 2012.	No changes anticipated.	CDA-Planning	Yes; ongoing
A6. Develop design and construction guidelines for the rehabilitation and renovation of historic buildings. Conforming to these guidelines shall be required prior to the issuance of a building permit.	No, this is covered under the Historic Preservation Ordinance that was adopted in 2012. The Secretary of the Interior's Standards shall be used for this purpose.	No changes anticipated.	CDA-Planning	N/A	
A7. Develop markers and print materials to identify and tell the story of local landmarks.	No	No changes anticipated.	CDA-Planning	Yes; ongoing	
Goal LU-17 Preserve and improve air quality in the Eden Area					
Policies					
P1. New development projects shall be analyzed in accordance with the BAAQMD CEQA Guidelines. Appropriate mitigation measures to reduce vehicle trips and vehicle miles traveled should be applied to projects.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning		Yes; ongoing

General Plan Goals, Policy & Action Items	Change Zoning Ordinance or Planning Policy?	Change Zoning Map?	Implementation Responsibility	Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
P2. New development that would emit air toxic contaminants or odors shall provide adequate buffers and screening to protect sensitive land uses from unhealthy levels of air pollution or objectionable odors.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning	Yes; ongoing		
P3. New development involving sensitive receptors shall be located an adequate distance from sources of air pollution and odor, such as freeways, arterial roadways and stationary air pollutant sources, or shall provide appropriate mitigation measures.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning	Yes; ongoing		
P4. New development shall apply control measures to reduce PM10 emissions from construction activities. The following list of feasible control measures, recommended by the BAAQMD for construction projects, shall be included as requirements at construction sites to reduce air pollutant emissions.						
	For all construction projects: " Sprinkle all active construction areas at least twice daily and more often when conditions warrant. " Cover all trucks hauling soil, sand and other loose materials or require all trucks to maintain at least 2 feet of freeboard. " Pave, apply water three times daily, or apply (non-toxic) soil stabilizers on all unpaved access roads, parking areas and staging areas at construction sites. " Sweep daily all paved access roads, parking areas and staging areas at construction sites. " Sweep streets daily if visible soil material is carried onto adjacent public streets.					

General Plan Goals, Policy & Action Items	Change Zoning Ordinance or Planning Policy?	Change Zoning Map?	Implementation Responsibility	Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
For construction sites that are located adjacent to sensitive receptors or warrant additional controls: " Install wheel washers for all exiting trucks, or wash off all trucks and equipment leaving the site. " Suspend grading activities when winds exceed 25 miles per hour (mph) and visible dust clouds cannot be prevented from extending beyond active construction areas. " Limit the area subject to excavation, grading and other construction activity at any one time.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning	Yes; ongoing		
Actions	A1. The County should consider that development projects including sensitive land uses (e.g. residences and schools) be located outside of the CARB recommended buffers for specific sources of air pollution, to the extent feasible unless project specific analyses indicate an acceptable level of health risk. Project review should include an evaluation of the adequacy of setbacks and, if necessary, identify measures to reduce health risks.	No	No changes anticipated.	CDA-Planning	Yes; ongoing

Goal CIR-1 Provide attractive streets designed to serve a broad spectrum of land use patterns and travel modes.							
Policies							
P1.	The County should develop functional classification and street design standards that allow for variations in street width based on the function of the facility and the land use context. These "context-sensitive" roadway designs should have the following aims:						
"	Use design features to make the corridor a center of community activity.						
"	Create an aesthetically attractive streetscape and safe pedestrian environment.						
"	Increase bicycle safety by following accepted standards or by designing a bicycle circulation system.						
"	Balance the needs of autos, pedestrians, trucks, transit and bicyclists. The extent to which each mode is emphasized should vary according to the function of the roadway and the adjacent existing and future land uses.						
"	Decrease the impacts of roadways on surrounding uses by slowing speeds, reducing noise impacts and emphasizing pedestrian travel.	No	No	PWA; CDA-Planning	Yes		
P2.	Whenever possible, roadway modifications should include accommodations for bicycle and pedestrian travel.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
P3.	Land use concepts shall be promoted that minimize automobile trips and encourage walking, bicycling and transit use.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		

General Plan Goals, Policy & Action Items	Change Zoning Ordinance or Planning Policy? Map ?	Change Zoning Map ?	Implementation Responsibility	Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
P4. The County should improve transportation infrastructure, such as roadway widening, intersection improvements and bicycle and pedestrian facilities at a rate that keeps pace with growth.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P5. New developments shall mitigate the full impacts of their projects on the transportation system. A variety of mitigation measures should be considered, including impact fees, street improvements and transportation demand management (TDM) measures.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P6. New developments shall incorporate design features that encourage use of alternative modes such as transit, bicycling and walking.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P7. New traffic control device technologies should be considered in order to maximize efficiency of auto, transit, bicycle and pedestrian traffic.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
<u>Actions</u>						
A1. Update the functional street classifications and street design standards for the Eden Area.	No	No changes anticipated.	PWA; CDA-Planning		Yes	
A2. Adopt development review standards that require provisions of amenities for multiple travel modes and ensure consistency with adopted bicycle, pedestrian and transit plans.	No	No changes anticipated.	PWA; CDA-Planning		Yes	
A3. Work with Bay Area RIDES to coordinate and promote rideshare efforts, such as for County employees and other large employers in the Eden Area.	No	No changes anticipated.	PWA; CDA-Planning		Yes	
A4. Evaluate public and private development projects for consistency with adopted transit, bicycle and pedestrian master plans.	No	No changes anticipated.	PWA; CDA-Planning		Yes; ongoing

				Yes	Yes	Yes
A5. Review and revise capital improvement programs to prioritize multi-modal projects over roadway improvements.	No	No changes anticipated.	PWA; CDA-Planning			
A6. Review and revise the County's impact fees to ensure that new development pays a fair share of infrastructure and street improvement costs.	No	No changes anticipated.	PWA; CDA-Planning		Yes	
A7. Develop a local TDM program to identify realistic target reductions in automobile travel and desirable mode splits. Work with employers in the Eden Area to ensure that these targets are met.	No	No changes anticipated.	PWA; CDA-Planning		Yes	
Goal CIR-2 Adopt and enforce level of service (LOS) standards that provide a high level of mobility and accessibility for all travel modes.						
Policies						
P1. An LOS of E or better shall be applied to Congestion Management Program (CMP) Roadways: Foothill Boulevard, Center Street, "A" Street, Hesperian Boulevard, Interstate 880, Interstate 580 and Interstate 238.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P2. An LOS of D or better shall be applied to all non-CMP roadways during peak travel periods.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P3. The County may allow individual locations to fall below the LOS standards in instances where the construction of physical improvements would be infeasible, prohibitively expensive, significantly affect adjacent properties or the environment, have a significant adverse impact on the character of the Eden Area, or where the lower standard results from significant physical improvements to transit, bicycle or pedestrian facilities.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing

General Plan Goals, Policy & Action Items	Change Zoning Ordinance or Planning Policy?	Change Zoning Map?	Implementation Responsibility	Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
P4. Intersections may be permitted to fall below their adopted LOS standards on a temporary basis when the improvements necessary to preserve the LOS standard are in the process of construction or have been designed and funded but not yet constructed.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
<u>Actions</u>						
A1. Develop multi-modal LOS standards that consider the movement of transit vehicles and non-motorized travel. The revised standards should also accommodate higher levels of congestion for some streets such as in areas where pedestrian or transit travel may be prioritized (e.g., Districts identified and described in the Land Use Element).	No	No	PWA; CDA-Planning	Yes		
A2. Maintain an up-to-date record of intersections exempted from the County's LOS standards.	No	No	PWA; CDA-Planning	Yes; ongoing		
<u>Goal CIR-3 Provide for efficient motor vehicle circulation within the Eden Area.</u>						
<u>Policies</u>						
P1. The County should support regional efforts to improve the freeway and arterial system as well as transit facilities, routes, and frequency within and near the Eden Area.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
P2. Where traffic congestion is an existing or imminent problem, priority should be given to those measures that will provide for more efficient use of existing streets and highways, including the use, where appropriate, of high-occupancy vehicle lanes, traffic signal synchronization, and restrictions on turning during peak travel periods.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing

P3. The County should maintain street connectivity in the Eden Area in order to disperse traffic on multiple streets and ensure adequate response time for emergency services.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing	
P4. The County shall ensure that projects implemented as part of the Neighborhood Traffic Calming Program maintain street connectivity and provide appropriate emergency vehicle access.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing	
Actions							
A1. Revise the Alameda County Public Works Design Guidelines to better accommodate pedestrian, bicycle and transit traffic; require street designs that are appropriate to the context of surrounding land uses; and ensure consistency with the Roadway Classification specifications in this General Plan.							
A2. Update the Capital Improvement Program to include one of the following two improvement options at the following intersections:							
.. Option A: Realign the Grant/Washington/Via Alamitos intersection to allow east/west movements (on Grant Avenue) without split-phase operations. (Currently, eastbound and westbound movements have separate signal phases.) The intersection would operate acceptably at LOS D with this improvement. Improving the intersection alignment would also be desirable to enhance pedestrian circulation. The public prefers Option A.							

General Plan Goals, Policy & Action Items	Change Zoning Ordinance or Planning Policy?	Change Zoning Map ?	Implementation Responsibility	Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
" Option B: Add a second southbound (heading towards Via Alamitos) right-turn lane on Washington Avenue, approaching the Grant/Washington/Via Alamitos intersection. The intersection would operate at LOS E with this mitigation, which would be an acceptable LOS for intersections located near schools based upon LOS criteria that would be adopted as part of the proposed General Plan. However, provision of a second southbound right-turn lane could result in undesirable crossing conditions for pedestrians.	No					
A3. Update the Capital Improvement Program to plan for signalization of the Mission/Blossom intersection. Following signalization, this intersection would operate acceptably at LOS D during the PM peak hour.	No		PWA; CDA-Planning	Yes		
Goal CIR-4 Provide access and circulation along Corridors and in Districts while respecting the intensity of adjacent development.						
Policies						
P1. Corridors identified in the Land Use Element (East. 14 th /Mission Boulevard, Hesperian Boulevard, West 'A' Street, Lewelling Boulevard, and Meekland Avenue) shall emphasize pedestrian and transit access to adjacent land uses.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
P2. At intersections located in and immediately adjacent to Districts, pedestrian and transit circulation should take precedence over the movement of motor vehicles. The Districts identified and described in the Land Use Element are:	" San Lorenzo Village Center. " East 14th Street at Ashland Avenue. " Mission Boulevard at Mattox Road.

.. The commercial uses on Bockman Road east of Channel Road.	No	No	PWA; CDA-Planning	Yes			
.. The intersection of Hesperian Boulevard and West 'A' Street.							
P3. On-street parking should be allowed, where appropriate, along Corridors and in Districts to provide access to adjacent land uses and to serve as a buffer for pedestrians.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing	
P4. The County may create shared parking districts in order to centralize and reduce the total amount of land allocated to parking in Districts and Corridors.	Possibly	No	CDA-Planning		Yes		
P5. Shared parking arrangements should be encouraged in Districts and along Corridors.	Possibly	No	CDA-Planning			Yes; ongoing	
P6. Wide sidewalks shall be provided in Districts and along Corridors. Where it is not possible to provide wide sidewalks continuously along a Corridor, sidewalks shall be widened at their most congested locations such as in Districts located along corridors and at bus stops.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing	
P7. Public spaces should be designed along sidewalks on Corridors and in Districts. Sidewalks provide opportunities for people to interact on the street, and space for this interaction should be provided to the greatest extent feasible.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing	
Actions							

General Plan Goals, Policy & Action Items	Change Zoning Ordinance or Planning Policy?	Change Zoning Map ?	Implementation Responsibility	Near Term Priority (0-2 years)	Intermediate Priority (2-5 years)	Long Term Priority (5+ years)
A1. Review and update parking requirements in the zoning code to include a reduction in the required number of spaces, to allow compact parking spaces, and to include provisions for shared parking in Corridors and Districts where such parking would not impact neighborhoods.	Yes, a policy is proposed under this action.	No	CDA-Planning	Yes		
A2. Implement and pursue funding for the <i>East 14th /Mission Boulevard Master Plan</i> , the <i>Lewelling Boulevard Improvement Project</i> , the <i>Hesperian Corridor Streetscape Master Plan</i> , and the <i>San Lorenzo Village Master Plan</i> .	No	No changes anticipated.	PWA; CDA-Planning	Yes		
A3. Reduce posted travel speeds in Districts to a maximum of 30 miles per hour.	No	No	PWA; CDA-Planning	Yes		
Goal CIR-5 Ensure that public transit is a viable alternative to driving in the Eden Area.						
Policies						
P1. Encourage AC Transit and BART to provide transit service throughout the Eden Area, preferably within one-quarter mile of all residences, businesses, health care, parks and service facilities.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
P2. The County should work with AC Transit and BART to ensure that the frequency and duration (hours of operation) of transit service is adequate and that overall travel time and convenience of travel by public transit is comparable to travel by other modes.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
P3. The County shall support efforts to enhance regional transit service serving the Eden Area, such as the extension of BART to San Jose and enhanced bus service on East 14th Street/Mission Boulevard and Hesperian Boulevard.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing

P4. The County shall promote Transit-Oriented Development (TOD) opportunities and pursue available grant funding from local state and federal sources to fund potential projects.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
<u>Actions</u>						
A1. Work with AC Transit to secure funding for enhanced bus service in the Eden Area, including increased frequency and duration of service on existing bus lines.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
A2. Work with Amtrak to expand Capitol Corridor service and study additional station locations, including potential station locations in the Eden Area.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
A3. Work with BART and the City of San Leandro to develop a station area plan to evaluate the potential for transit-oriented development in the parking lot adjacent to the Bayfair BART Station.	No	No	CDA-Planning	Yes; ongoing		
Goal CIR-6 Complete and enhance the pedestrian circulation network serving the Eden Area.						
<u>Policies</u>						
P1. Walking shall be considered an essential and integral part of the County's circulation network.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing		
P2. An uninterrupted pedestrian network of sidewalks, with continuous sidewalks along both sides of streets, should be ensured. An interconnected pedestrian network is essential to a functional and safe walking environment.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning	Yes; ongoing

			Zoning	Map ?	(0-2 years)	(2-5 years)	(5+ years)
P3. The provision of curbs, gutters and sidewalks on uncompleted street segments in the Eden Area shall be required whenever possible. The County should prioritize sidewalk locations in the following order: near schools and parks; on residential streets without sidewalks; in locations with a high level of pedestrian collisions; in areas that can close small, existing gaps in the sidewalk network; near special needs housing; in locations with high pedestrian volumes; on primary transportation corridors; near shopping and retail areas; and within a quarter-mile of BART and other transit facilities.							
P4. Ample crossing opportunities shall be provided, especially in Districts and along Corridors. In addition to marked crosswalks at all intersections, mid-block crossings and adequately timed signals should be provided at intersections which are too widely spaced for reasonable pedestrian access.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning				
P5. On street frontages that do not currently include sidewalks, the installation of sidewalks shall be a requirement for all new development.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning				
P6. New development projects shall be required to provide sidewalks and direct pedestrian connections to adjacent neighborhood streets.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning				
P7. Street trees, planting strips, bollards and other physical improvements that buffer pedestrians from traffic should be provided on all streets with existing or potential future high volumes of vehicular and pedestrian activity.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning

P8. Direct and safe pedestrian access routes shall be designed between development and transit facilities, including the Bayfair BART station, the Amtrak Capitol Corridor station in Hayward and major bus transit routes. This encourages the use of public transportation.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning			
P9. The County's pedestrian system shall have a high level of connectivity, especially between residences and common local destinations, such as schools, shopping and parks.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P10. The County shall investigate measures to enhance access and circulation as required by the Americans with Disabilities Act.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P11. The County shall promote Transit-Oriented Development (TOD) opportunities and pursue available grant funding from local, State and federal sources to fund potential projects.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
Actions						
A1. Regularly update the inventory of sidewalk deficiencies in the Eden Area.	No, the County currently performs this task.	No changes anticipated.	PWA			Yes; ongoing
A2. Complete and adopt the <i>Pedestrian Master Plan</i> for the Eden Area.	No, the Plan was recently updated in 2012.	No changes anticipated.	PWA	Yes		
A3. Update the County's street standards to reflect the pedestrian policies listed above and to be consistent with the Alameda County <i>Pedestrian Master Plan for Unincorporated Areas</i> .	No	No	PWA	Yes

Goal CIR-7 Promote bicycling as a form of transportation within the Eden Area.						
Policies						
P1. Bicycling shall be considered an essential and integral part of the County's circulation network.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P2. The County shall develop and maintain a bikeway system for the Eden Area that effectively serves residential areas, employment centers, schools, parks and transit stations.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P3. Safe and direct bicycle facilities should be constructed to provide access from residential neighborhoods to the Bayfair and Hayward BART stations and the Amtrak Capitol Corridor station south of the Eden Area.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning			Yes
P4. The County shall support efforts to develop a regional bikeway network.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P5. When arterial or collector streets are resurfaced, bicycle lanes shall be installed whenever feasible.	No, the County currently performs this task; however, funding continues to be a concern.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing
P6. New commercial, office and Research & Development projects and multi-family residential development projects shall provide safe and secure covered bicycle parking or storage facilities.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning			Yes; ongoing

Goal N-1 Protect citizens from excessive noise.							
Policies							
P1.	New land uses shall not be located in areas where either indoor or outdoor noise levels exceed those considered normally acceptable for each land use, as shown in Figure 7-1, unless measures can be implemented to reduce noise to acceptable levels.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA			
P2.	New single-family residential development shall maintain a standard of 60 dB L _{dn} maximum (day/night average noise level) for exterior noise in private use areas.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA		Yes; ongoing	
P3.	Existing residential development sites exposed to noise levels exceeding 60 dB L _{dn} shall be analyzed following protocols in Appendix Chapter 12, Section 1208A, Sound Transmission Control, California Building Code.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA		Yes; ongoing	
P4.	New multi-family residential developments shall be designed to maintain a standard of 65 dB L _{dn} maximum in community outdoor recreation areas. Balconies shall not be considered outdoor recreation areas, thus no noise standards shall apply to these areas.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA		Yes; ongoing	
P5.	All new residential land uses shall be designed to maintain a standard of 45 dB L _{dn} maximum in building interiors.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA		Yes; ongoing

P6. New residential development affected by noise from railroad, BART, freeway or aircraft operations shall be designed to limit typical maximum instantaneous noise levels to 50 dBA in bedrooms and 55 dBA in other rooms. These maximum instantaneous noise levels are compatible with airport noise regulations of 45-dBA CNEL, which is an average day/night level.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA			Yes; ongoing
P7. Noise-sensitive projects proposed within noise-affected areas (subject to noise levels exceeding 60 dB L _{dn}) shall be subject to acoustical studies and provide necessary mitigation from noise.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA			Yes; ongoing
P8. The reduction of noise inside buildings shall be achieved by requiring architectural design techniques that meet noise attenuation requirements such as: " Locating noise-tolerant rooms (garages, kitchens, bathrooms) closest to the noise source and noise sensitive rooms or areas (living rooms and bedrooms) away from the noise source. " Using architectural design techniques and building façade materials that help shield noise. " Orienting buildings to shield noise sensitive outdoor spaces from a noise source. " Locating bedrooms or balconies on the sides of buildings facing away from noise sources.	No, the County currently performs this task..	No changes anticipated.	CDA-Planning; PWA			Yes; ongoing

Normally acceptable L _{din} for land use .. Increase of 5 dB L _{din} at noise-sensitive uses .. Noise ordinance limits (after adoption)	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing		
P3. Inclusion of site design techniques for new construction shall be encouraged to minimize noise impacts, including building placement, landscaped setbacks, orientation of noise tolerant components (i.e. parking, utility areas and maintenance facilities) between noise sources and the sensitive receptor areas.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing		
P4. All construction in the vicinity of noise sensitive land uses, such as residences, hospitals or convalescent homes, shall be limited to 7:00 a.m. to 7:00 p.m. Monday through Friday, and to 8:00 a.m. to 5:00 p.m. Saturday and Sunday. These noise source standards may be exceeded as specified in the Alameda County Noise Ordinance in order to allow for temporary construction, demolition or maintenance noise and other necessary short-term noise events.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing		
P5. Mitigation measures for construction noise shall be included in EIRs or other appropriate environmental documents as a requirement of construction permit approval.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing

Policies						
P1. Mitigation of airport noise impacts shall be pursued to the fullest extent possible through advocacy for better operational practices, new quieter technologies and physical improvements to airports that would reduce the number of properties in the Eden Area impacted by aircraft noise.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing		
P2. The County shall actively participate in forums and discussions regarding operations and expansion plans for the Hayward Executive Airport and the Oakland International Airport.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing		
P3. The County shall seek local representation on task forces, commissions, and advisory boards established to guide airport policies and programs.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing		
P4. The County shall encourage the Port of Oakland and the City of Hayward to undertake noise abatement and mitigation programs that are based not only on the airport noise contour maps, but that consider other factors such as the frequency and single event noise levels for aircraft overflights, standard flight path deviations, the altitude of aircraft, and the hours of operation.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning; PWA	Yes; ongoing

Actions						
A1. The County should develop a program, based on studies conducted by the Alameda County Flood Control District, to ensure improvements to the San Lorenzo Creek drainage channel or Bockman canal will result in the continued ability to accommodate runoff from storms and to maintain its status outside a 100-year flood event.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning		Yes; ongoing	
A2. The County will work with local jurisdictions and other stakeholder agencies to implement the recommendations of the San Lorenzo Watershed Drainage Master Plan.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning		Yes; ongoing	
Goal SAE-4 Minimize Eden Area residents' exposure to the harmful effects of hazardous materials and waste.						
Policies						
P1. The County shall strive to reduce hazardous waste using the following hierarchy of waste management strategies: " Reduce the sources of hazardous waste. " Recycle and reuse hazardous wastes. " Treat or incinerate residual hazardous waste.						
" Place reduced or untreated waste in secure land disposal units.	No, the County currently performs this task.	No changes anticipated.	PWA; CDA-Planning; Stopwaste.org; Department of Environmental Health		Yes; ongoing

Actions						
A1. Adjust the CAP to reflect any new information about sea level rise or other negative effects of climate change that may impact the Eden Area.	No, the County currently performs this task.	No changes anticipated.	CDA-Planning		Yes	
A2. The County will provide development guidelines to promote projects that are consistent with Senate Bill 375.	Possibly	No changes anticipated.	CDA-Planning		Yes	
Goal GH-3 Improve the energy efficiency of new and remodeled buildings in the Eden Area.						
Policies						
P1. New County-owned buildings in the Eden Area shall achieve a Leadership in Energy and Environmental Design (LEED) Silver certification (or higher) under the United States Green Building Council's LEED program, or equivalent certification.	No, the County currently performs this task.	No changes anticipated.	All Agencies/ Departments		Yes; ongoing	
P2. New privately-developed construction and remodels above a certain size shall achieve certification under LEED, Build It Green GreenPoint Rated, or equivalent rating system. This policy shall be implemented through the County's Green Building Ordinance. New construction and remodels not required to achieve certification under the Green Building Ordinance shall be encouraged to incorporate green building techniques designed to reduce the energy and water use of new or remodeled buildings.	No, the County currently performs this task.	No changes anticipated.				
P3. The County shall encourage the adaptive reuse of existing buildings, so long as they can be used efficiently or remodeled for energy-efficient operations.	No	No changes anticipated	CDA-Planning; PWA		Yes; ongoing
